

Continuum of Care Supportive Services & Housing Action Team

Working to increase coordination and access in Guilford County

**Meeting the Challenge in Guilford County:
Empowering Frontline Staff**

If your agency works with the homeless in any capacity...this is an event you cannot afford to miss. With so many different services and agencies spread across Guilford County, case managers and frontline staff deserve and need a comprehensive approach to better serve their consumers. *Partners Ending Homelessness* urges all agencies to attend its very first Quarterly Direct Service Provider's Meeting.

**Tuesday, February 10, 2009
10:30am – 1:30pm**

Jamestown Town Hall

301 East Main Street, Jamestown, NC

Please RSVP by Tuesday, January 20th to events@partnersforhomeless.org

This event will offer a free lunch, door prizes to those who submit business cards, and perfect opportunities to network and narrow the services gap in Guilford County. We encourage all agencies to bring multiple brochures and business cards and to allow case managers and frontline workers alike to attend this much needed event. No more wondering who is out there to help meet individual consumer's needs!
