

Continuum of Care Supportive Services & Housing Action Team

Working to increase coordination and access in Guilford County

**Meeting the Challenge in Guilford County:
Empowering Frontline Staff**

If your agency works with the homeless in any capacity...this is an event you cannot afford to miss. With so many different services and agencies spread across Guilford County, case managers and frontline staff deserve and need a comprehensive approach to better serve their consumers. Partners Ending Homelessness urges all agencies to attend the Quarterly Direct Service Provider's Meeting which will focus on helping frontline staff gain a better understanding of Guilford County's Funding Landscape.

**Friday, May 8, 2009
10:30am – 1:30pm**

**Jamestown Town Hall
301 East Main Street, Jamestown, NC**

Please RSVP by Tuesday, April 17th to Events@PartnersEndingHomelessness.org

This event will offer a free lunch, door prizes and perfect opportunities to network and narrow the services gap in Guilford County. We encourage all agencies to bring business cards and brochures to share with each other. No more wondering who is out there to help meet individual consumer's needs!
