Greensboro, NC - Whew! Just thinking about all the volunteer work Excell Morris does can make anyone exhausted!

He volunteers at the Interactive Resource Center in Greensboro.

He volunteers every day! You'll see him in the computer lab... helping the homeless or folks in transition find a job.

Not only that...but Excell also volunteers in the kitchen... making sure hungry people get fed. He says everyone should find a way to volunteer.

If you're interested in volunteering, contact the Volunteer Center of Greensboro at 373-1633.
