It is called the Furnish A Dream furniture drive...to help those people leaving the world of homelessness, start anew.

This is the first year that Partners Ending Homelessness sponsored the event. Organizers want to both educate and inspire people when it comes to helping people get back on their feet.

Their banner says it all "working together to end chronic homelessness in Guilford county by 2016." Today's donations will be distributed through the Barnabas Network and home to home.

If you couldn't get out today, not to worry. There will be another collection next Saturday, 9am -2pm at Grimsley High School in Greensboro.
