

# Mural Brightens Up Homeless Day Shelter In Greensboro

Posted by: Sarah Lanse ■ 6/3/2009

Greensboro, NC -- A homeless center brightened up it's location with help from some people who need it the most.

Homeless clients from the Interactive Resource Center spruced up the wall of the lounge with a bright sunny scene.

The resource center offers a place for people to shower and do laundry.

It also helps with job skills and resumes.

A local artist Jamie Slade designed the mural from suggestions from the users at the day center.
