

Furnish a dream

A sofa.
A table.
A lamp.

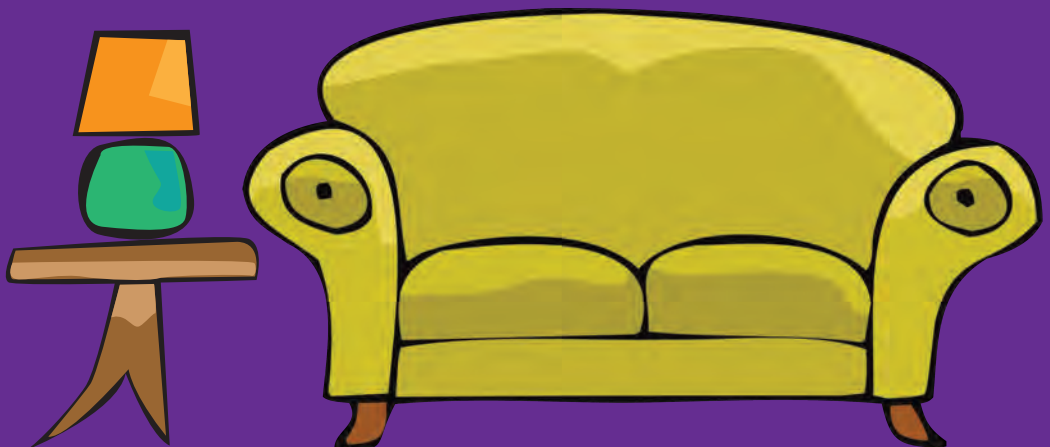

These can make a world of difference for someone in need. For families and individuals transitioning from homelessness to a place of their own, four walls and a roof can quickly become a home with a little help from you.

Partners Ending Homelessness is collecting furniture and household goods for **The Barnabas Network** and **Home to Home Ministries**, two agencies helping newly housed individuals and families in need within our community. So...clean out the attic, straighten up the garage, and give your gently used items new life in the hands of someone who really needs them.

Bring your used furniture and household items:
